

# CALTECH CONNECTION

Caltech Connection is a near-peer mentorship program that pairs Caltech graduate student and postdoctoral mentors with undergraduate mentees from local colleges. Mentees build science acumen, confidence, and learn tangible technical skills to strengthen their academic and career paths in STEM fields.

Mentors hone their skills in teaching, training and leadership while championing for STEM education. In addition to building invaluable relationships, Caltech Connection hosts supplemental cohort activities, such as meetups, lab tours & presentations by Caltech mentors.

Program Dates: early November to May  
Expected Commitment: 2-8 hours per week (avg)

## Partner Institutions:

Compton College, Charles R. Drew University of Science and Medicine, Pasadena City College, CSULA and CSUDH
